## 1. Login Process

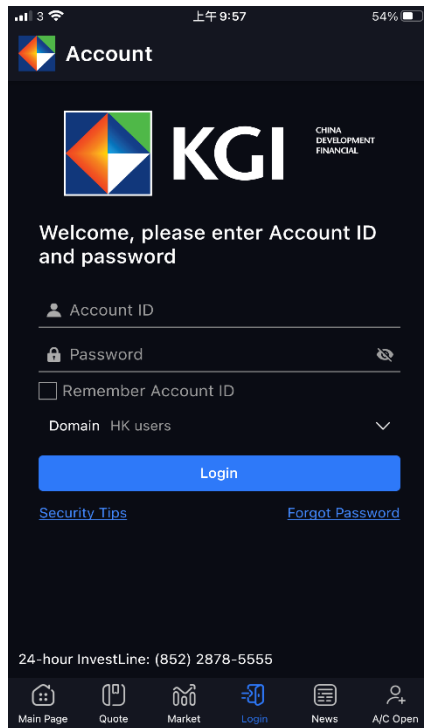

1. Download and install “KGI Asia Power Trader” app, the icon will appear as below.

2. The following screen will appear after clicking the “Power Trader” app icon

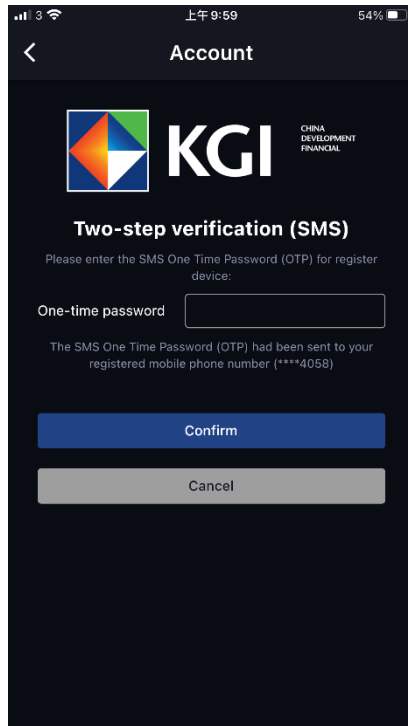

3. Click “Login” symbol, the below screen will appear.

4. Enter your Account ID and Password, choose your Domain, then click [Login].

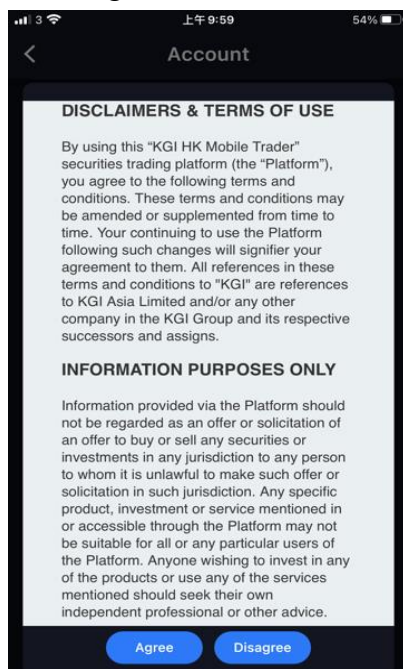

Note:

- You can check the box [Remember Account ID] to store your Account ID for your convenience.
  - As “KGI Asia Power Trader”, “KGI HK Mobile Trader (AASocks)”, “WebTrade” and “WebTrade-Professional Version” share the same password, changing your password in any system will result in changing for all systems.
5. If you have not registered Two-Factor Authentication, then the below screen will appear after clicking [Login]

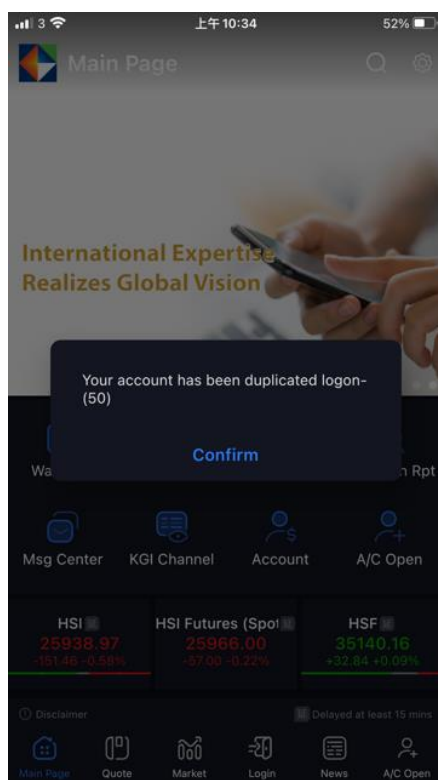

You will receive a one-time password via SMS to your registered mobile phone. Enter the one-time password to complete the Two-Factor Authentication. Two-Factor Authentication registration is valid for one year and each account can register a maximum of 5 devices. During the validation period, you are not required to register again if you use a registered device to login.

6. Upon successful login, the disclaimer will appear.

7. Read the disclaimer carefully and press [Agree] to enter the Home Menu.
8. It will be redirected to the Login Page if [Disagree] is selected.
9. Duplicate Login  
 “KGI Asia Power Trader” does not allow duplicate login. If you login more than one system simultaneously, you will be treated as duplicate login. The previously (logged in) system will be logged out automatically and you will receive the below duplicate login message.

## 2. Main Page

You can access to many functions of this app at the “Main Page”

“Watchlist” – You can set your frequently viewed stocks for monitoring

“Market” – You can view different market information

“Trading” – Trade at anytime

“Research Report” – You can view research report according to different industries, stocks, etc.

“Message Centre” – You can receive important market or account messages

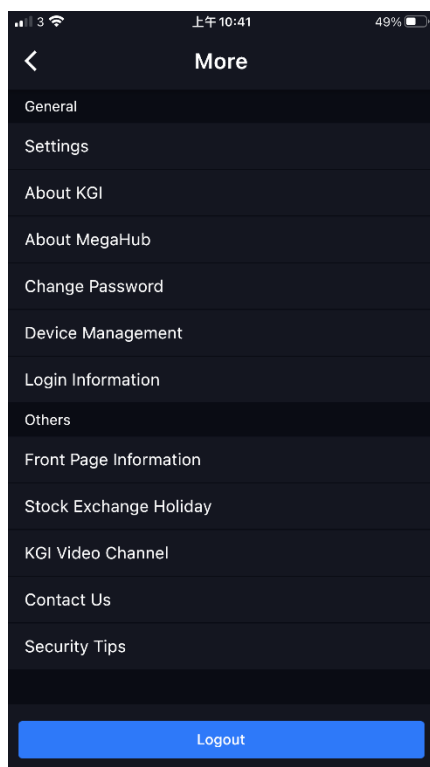

“KGI Channel” – You can watch video regarding market analysis

“Account” - You can view your account information, eg: positions and cash balance

“Account Open” – You can open an account online

## 2.1 More

You can enter “More” page by clicking the Gear icon at the upper right corner of Main Page. You can view different information and set up your own preference on “More” page.

### 2.1.1 Settings

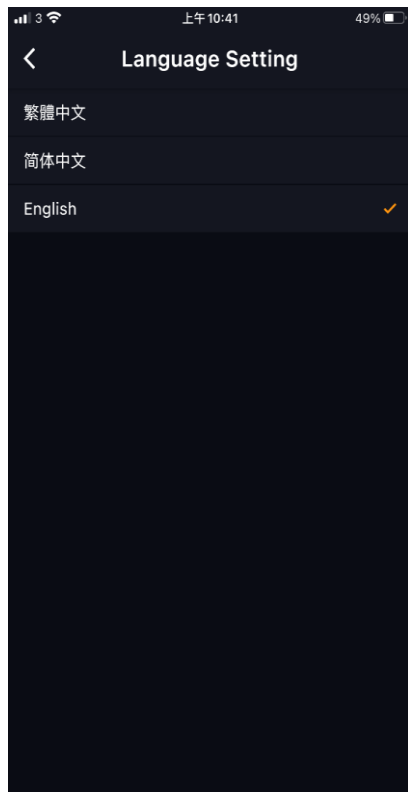

You can set your own preference, including “Language Setting”, “Theme change”, etc. under “Settings” page.

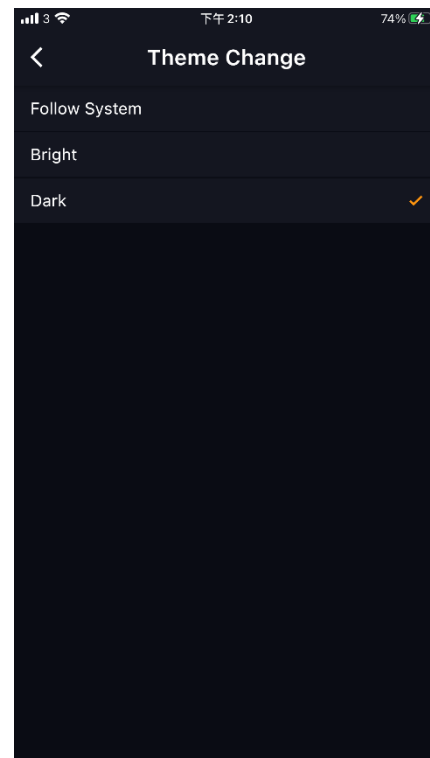

#### 2.1.1.1 “Language Setting”

You can choose Traditional Chinese, Simplified Chinese or English to operate the app under “Language Setting” under “Settings” page.

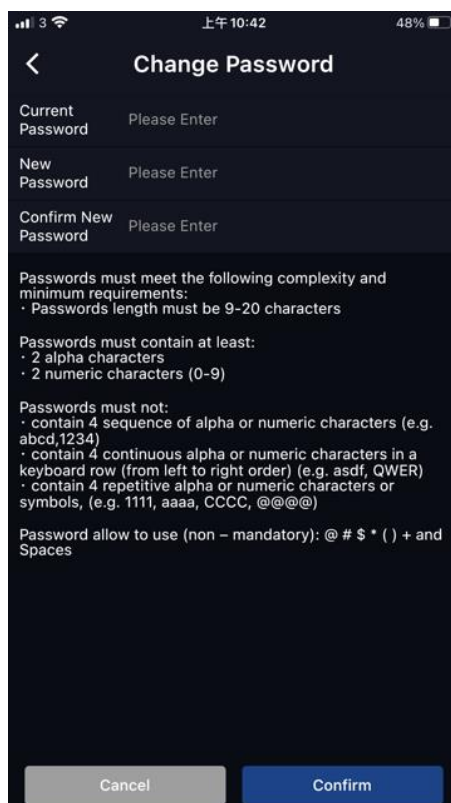

#### 2.1.1.2 “Theme Change”

You can change the theme to Bright or Dark under “ Theme Change” under “Settings” page.

## 2.1.2 Change Password

“KGI Asia Power Trader” has password change function. You can click “Change Password” under “Settings” page.

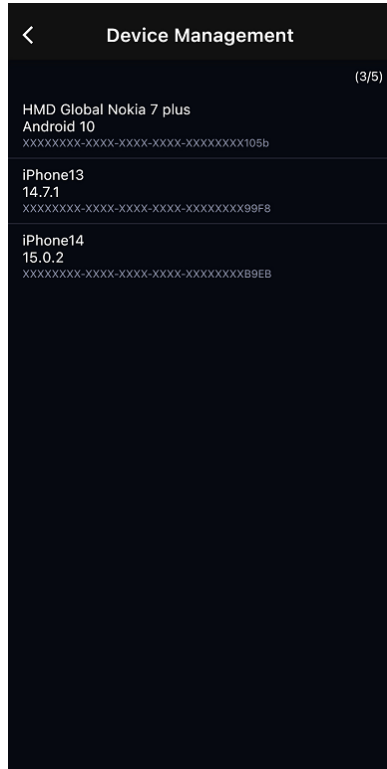

Note: As “KGI Asia Power Trader”, “KGI HK Mobile Trader (AASocks)”, “WebTrade” and “WebTrade – Professional Version” share the same password, changing password in any

system will result in changing for other systems simultaneously.

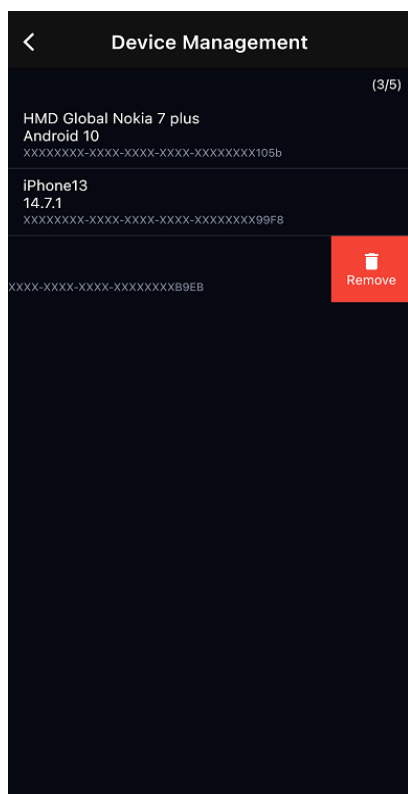

### 2.1.3 Device Management

“Device Management” page can let you view or delete any registered device.

Note: Each account can register a maximum of 5 devices. After reaching the registration limit, you are required to delete at least one device in order to add a new one.

If you want to delete a registered device, you just need to press the registered device that you would like to delete. Then slide to the left and press Remove.

## 2.1.4 Login Information

You can see the last login time on “Login Information” page.

### 3. Quote

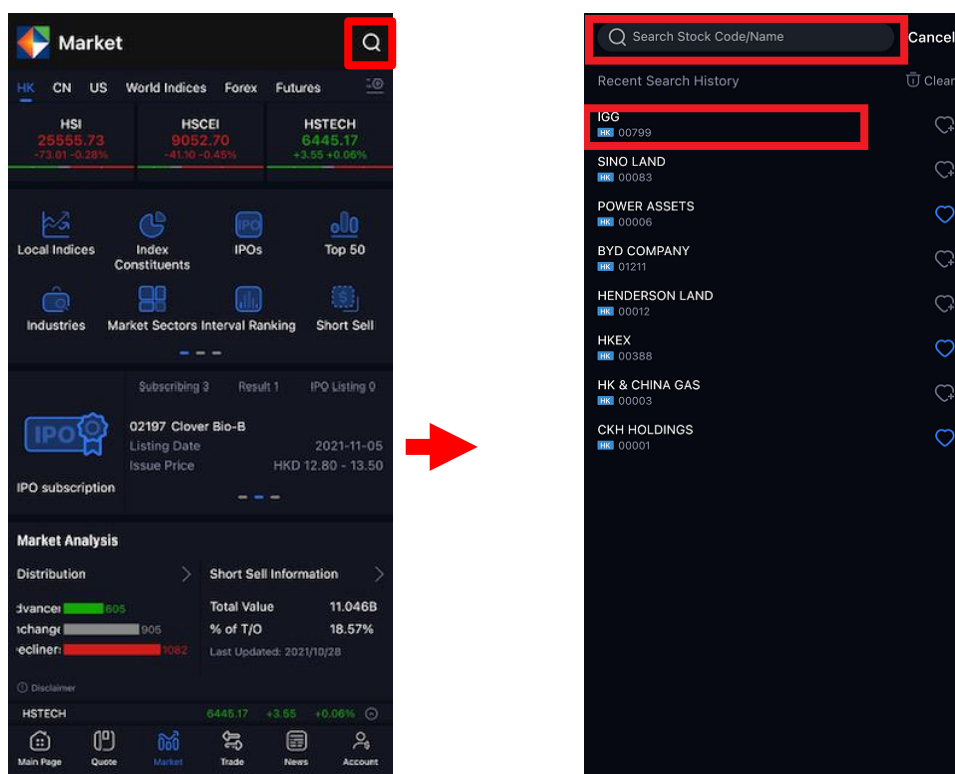

“KGI Asia Power Trader” provides stock quotation of different markets, including Hong Kong Stock, US Stock, SH/SZ Connect.

Note: For US quote service, you’ll need to complete and submit an online subscription form.

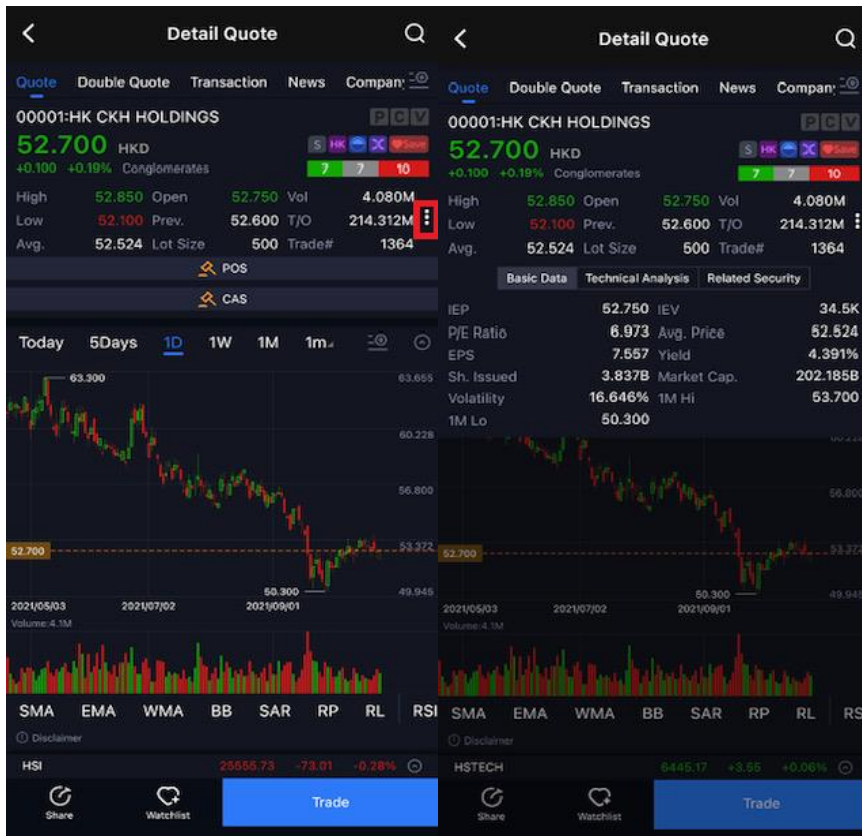

#### 3.1 Detail Quote

To check the stock price on the “Quote HK Share” page, you can click the  icon:

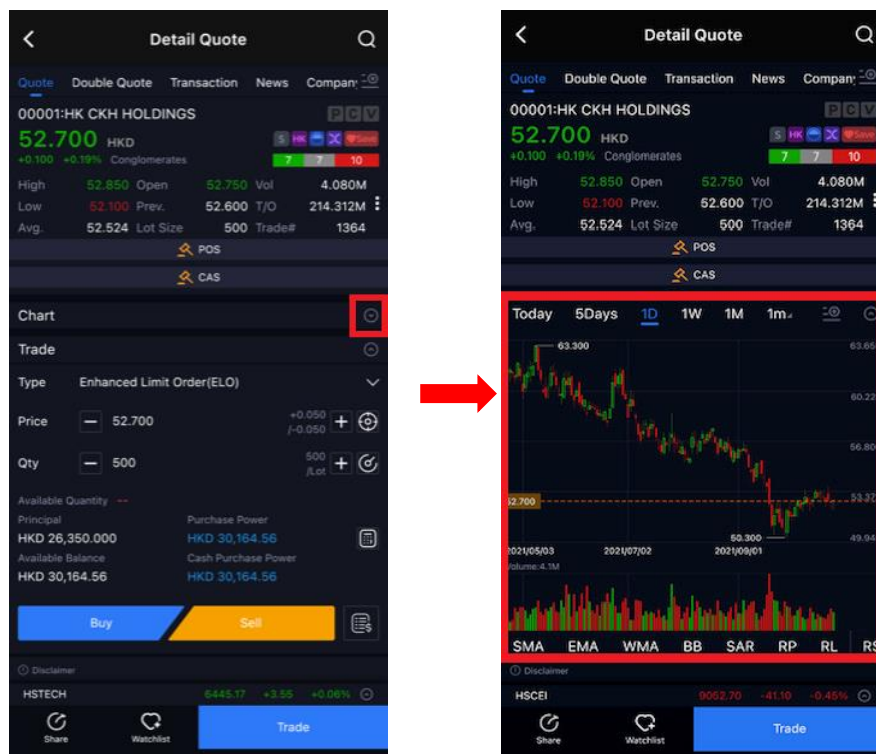

- Input the stock code/stock name, then click the stock or click the stock in Recent Search History.

You can click  to view Basic Data, Technical Analysis, Related Security

A larger chart with different time interval, chart comparison will be displayed once you click on the chart.

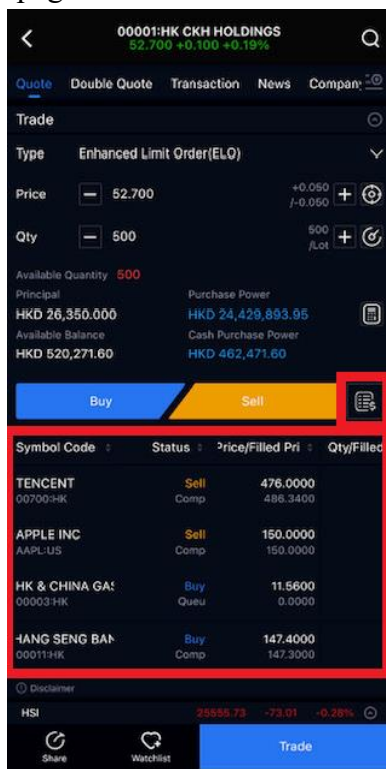

You can place order on the “Detail Quote” page, and input the following items:

- I. Order Type
- II. Price
- III. Quantity (Qty)

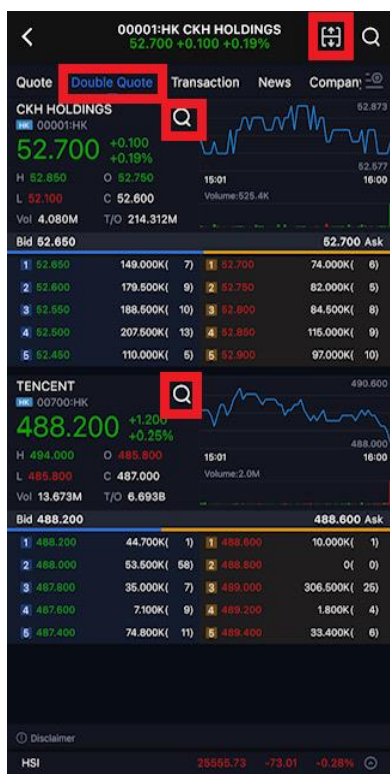

Finally, select “BUY” or “SELL”.

You can click icon to view the order book’s order status, executed price and etc within the same page.

You can watch two quotes simultaneously on the “Double Quote” page, and the display mode can be changed by clicking  icon at the top-right corner.

You can read relevant news about stock on the “Info” page.

You can view relevant stock information about that industry on the “Related Industry” page.
